**8:00 a.m. – 2:00 p.m.**

The American Society of Civil Engineers is hosting their annual national conference in Las Vegas during the month of October. As part of the conference, the Local Committee is organizing an exciting Community Service Project with assistance from the Southern Nevada Section and ASCE's UNLV Student Chapter. Lend a hand as Civil Engineers from around the Nation and locally make improvements to the historic Spring Mountain State Park throughout the morning including trail maintenance, installation of drinking fountains, stock fence repairs, and other needed projects.

Spring Mountain Ranch is located within the Red Rock Canyon National Conservation Area, beneath the colorful cliffs of the magnificent Wilson Range. The many springs in these mountains provided water for Paiute Indians and later brought mountain men and early settlers to the area. This 520-acre oasis was developed into a combination working ranch and luxurious retreat by a string of owners who have given the area a long and colorful history. Past owners of the ranch included Chester Lauck of the comedy team "Lum & Abner," German actress Vera Krupp, and millionaire Howard Hughes.

Historical sites at the park include the Main Ranch House, Wilson Cemetery, Sandstone Cabin, Board and Batten bunkhouse, Blacksmith's Shop, Hay and Horse Barn/Corral, Two-Hole Outhouse, Chinchilla Shed, and many more.

If you are interested in participating please RSVP to Scott Jarvis at [scott.jarvis@cityofhenderson.com](mailto:scott.jarvis@cityofhenderson.com)
